Please acknowledge.

Thanking you,

For Jain Irrigation Systems Ltd.,

A. V. Ghodgaonkar
Company Secretary

For immediate dissemination
Jalgaon

Press Release
13th November 2017

**Jain Irrigation bags Maharashtra's First "Har Khet Ko Pani"
Future Ready Micro Irrigation Project**

Highlights:

- Project Value Rs.1257 million
- Unique Project with provision of "Har Khet Ko Pani " through piped Distribution Network (PDN) with 20mtr residual pressure for future on farm operation of Micro Irrigation System
- More than 5,000 farmers and 16,536 acre command area of Jalgaon district of Maharashtra will be benefited from the project

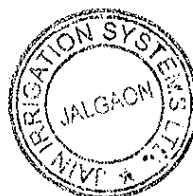

Jain Irrigation MIS division, pioneer and leader of micro irrigation business in India has bagged an order for prestigious Waghur canal integrated irrigation project through e-tendering process. The owner of the project is Tapi Irrigation Development Corporation, Government of Maharashtra. Considering the limitations of the traditional irrigation projects, current land acquisition challenges and resistance from the farmers to accept open canal networks, the Waghur Canal project will be implemented with pressurized HDPE/PVC pipe distribution in command area of 16,536 acres in Jalgaon district of Maharashtra state.

This project has planned to improve Water Use Efficiency up to 50- 55% (from existing 35%) in canal command areas by using Pressurized Piped Distribution Network (PDN) and on- farm Micro Irrigation (Drip/Sprinkler) system as per the mandate of Gol under Prime Minister Krishi Sinchai Yojana (PMKSY). The network will be FUTURE READY so that farmers can adopt Drip Irrigation system. The project will fulfill the national agenda '**HAR KHET KO PANI**' and "**MORE CROP PER DROP**". This will ensure higher productivity and sustainable income for farmers.

Atul Jain, Jt Managing Director of the Company said after receiving the order "this is a unique project. JISL has already successfully commissioned many micro irrigation projects on turnkey basis in the state of Maharashtra, Karnataka, Gujarat, Himachal Pradesh and others. This addition to the already strong order-book, re-emphasizes JISL's leadership position, product offering and enlarged credentials for upcoming agricultural & irrigation infrastructure upgrade in the country."

About Jain Irrigation Systems Ltd:

Our Company, Jain Irrigation Systems Limited (JISL) with it's motto 'Small Ideas, Big Revolutions' with more than 10,500+ associates worldwide and revenue of ~ USD 1 Bn, is an Indian multinational company with manufacturing plants in 30 locations across the globe. JISL, its subsidiaries and associates are engaged in manufacturing of Micro Irrigation Systems, PVC Pipes, HDPE Pipes, Plastic Sheets, Agro Processed Products, Renewable Energy Solutions, Tissue Culture Plants, Financial Services and other agricultural inputs since more than 34 years. It has pioneered a silent Productivity Revolution with modern irrigation systems and innovative technologies in order to save precious water and has helped to get significant increase in crop

yields, especially for millions of the small farmers. It has also ushered in new concept of large scale Integrated Irrigation Projects (IIP). 'More Crop Per Drop™' is the company's approach to water security and food security. All the products & services of JISL help create sustainable future while fulfilling its vision 'Leave this world better than you found it'.
